Product Background

SOLUTION

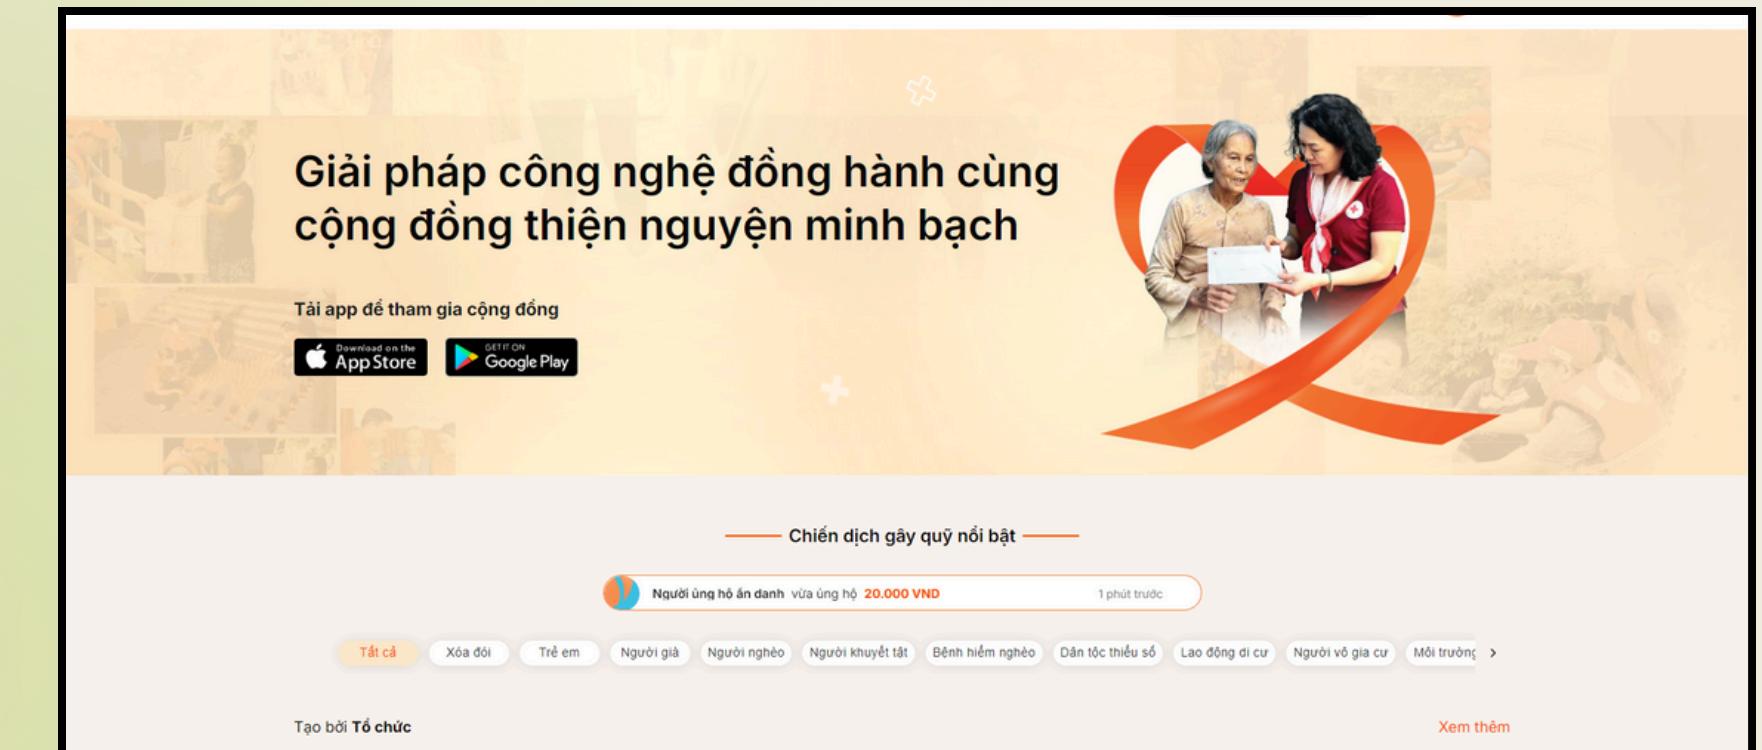

- Easy management
- Digitize workflows
- Quick information updates
- Collaborative environment

The screenshot shows a web browser window with the URL fpt.sucmanh2000.com. The page features a logo for "SỨC MẠNH 2000" and a navigation bar with links to Trang chủ, Góp lè, Dự án, Thủ thách và đại sứ, Tin Sức mạnh 2000, and Đăng Nhập. A prominent banner in the center reads: "ĐỂ TRẺ EM VÙNG CAO ĐƯỢC TIẾP CẬN GIÁO DỤC TỐT HƠN VỚI HƠN 300 CÔNG TRÌNH ĐÃ XÂY DỰNG VÀ HƠN THẾ NỮA". Below the banner is a paragraph of text and a "TÌM HIỂU THÊM →" button. To the right, there are three images: a painting of children eating, a close-up of a child's face, and a group of children standing together.

RISK MANAGEMENT

Risk Description	Impact	Response Plans
End-user cannot directly use the product for approval	High	Let the End-user use TeamViewer to connect to a team member's computer to use.
Misidentification of security-related code issues	High	Identify security-related issues and make quick corrections.
Members have argued, conflicted with others, leads to stressful working environments.	Medium	Define clear tasks for each member and agree on ideas before starting work.
Illness or absence of team members so that they cannot complete tasks under deadline.	Low	Members have to notify the team about the absence period and the plan of how to keep up with the work process.
Members lack the knowledge and skills to complete a particular task.	High	Training all members before starting the project.
